Supplies

- Kit Fee- \$4.50- includes pre-cut paper templates
- Fabric-Bring six co-ordinating fabrics. Please include light, medium and dark values. Solids, solid like, and small to medium prints will work best. Scraps will work, but fat quarter size would be good if you would like to complete a larger project using these fabrics after class.
- Thread-to blend with your fabric- very light weight, good quality thread for hand work.
- Basting Thread- any thread, light colors are best, avoid colors that might bleed i.e., red
- Needles-fine applique' needles or sharps- I like a shorter needle to better control my stitches
- Scissors- small, sharp hand scissors
- Washable glue stick
- Optional- Thimble, needle threader, table lamp and extension cord, magnifier
